Customer Journey Map

Date	22 February 2026
Team ID	LTVIP2026TMIDS81735
Project Name	Strategic Product Positioning Analysis
Maximum Marks	2 Marks

Scenario: [Existing experience through a product or service]	Entice How does someone become aware of this service?	Enter What do people experience as they begin the process?	Engage In the core moments in the process, what happens?	Exit What do people typically experience as the process finishes?	Extend What happens after the experience is over?
Experience steps What does the person (or people) at the center of this scenario typically experience in each step?	Review store sales performance	Realizes some products are rarely noticed	Analyze customer movement	Implement new layout	Refine placement strategy
Interactions What interactions do they have at each step along the way? - **People:** Who do they see or talk to? - **Places:** Where are they? - **Things:** What digital touchpoints or physical objects do they use?	Sales reports and dashboards	Notices product visibility gaps	Understanding the customer	Observes customer reactions	Recognizes improvement areas
Goals & motivations At each step, what is a person's primary goal or motivation? ("Help me ..." or "Help me avoid ...")	Help me recognize missed sales opportunities.	Help me reduce sales loss	Help me boost cross-selling	Help me monitor impact quickly	Help me adapt to seasonal trends
Positive moments What steps does a typical person find enjoyable, productive, fun, motivating, delightful, or exciting?	Clear performance insights from reports.	Easy product comparison	Logical grouping ideas	Improved product visibility	Efficient shelf utilization
Negative moments What steps does a typical person find frustrating, confusing, angering, costly, or time-consuming?	Poor visibility of high-margin products.	Unclear decision direction	Staff coordination challenges	Customer confusion initially	Seasonal demand shifts
Areas of opportunity How might we make each step better? What ideas do we have? What have others suggested?	Improve visibility of high-margin products.	Introduce visual heatmaps	Automated grouping suggestions	Customer feedback integration	Real-time customer analytics
